Animal Feed Science and Technology, 31 (1990) 361–363
Elsevier Science Publishers B.V., Amsterdam

Contents of *Animal Feed Science and Technology*, Volume 31

VOL. 31 NOS. 1–2 **OCTOBER 1990**

Effect of supplementing mature grass hay with dried Leucaena leaves on organic matter digestibility and voluntary intake by sheep
R.N. Mero (Mpwapwa, Tanzania) and P. Udén (Uppsala, Sweden) 1
Influence of emulsification on the apparent metabolisable energy of two dry fats given to broiler chicks of increasing age
J. Wiseman (Loughborough, Gt. Britain) 9
Physical characteristics of feeds and their relation to nutrient components and dry matter disappearance in sacco
P.S. Mir, Z. Mir (Kamloops, B.C., Canada) and J.W. Hall (Vancouver, B.C., Canada) 17
Effect of a new ionophore antibiotic, abierixin, on the digestion of a roughage-based diet measured in sheep; comparison with results obtained in Rusitec
L. Gomez, J.P. Jouany, M.C. Hillaire (Ceyrat, France) and C. Bogaert (Aubière, France) 29
Evaluation of scallop viscera silage as a high-protein feedstuff for growing–finishing swine
R.O. Myer, D.D. Johnson, W.S. Otwell, W.R. Walker and G.E. Combs (Marianna, FL, U.S.A.) 43
In vitro continuous culture studies on the effect of nitrogen source on rumen microbial growth and fibre digestion
R.J. Merry, A.B. McAllan and R.H. Smith (Maidenhead, Gt. Britain) 55
Morphology, fiber composition and mean particle diameter relationships in ground barley and oat forages at different ages
D.J.R. Cherney, D.R. Mertens (Madison, WI, U.S.A.) and J.E. Moore (Gainesville, FL, U.S.A.) 65
Marigold extracts and maize gluten meal as broiler pigment sources in maize and wheat-based diets
B.L. Damron (Gainesville, FL, U.S.A.), S.V. Amato (Atlanta, GA, U.S.A.) and F.H. Benoff (Athens, GA, U.S.A.) 79
Effects of sugar-beet pulp on ruminal and lactation performances of cows having different rumen fermentation patterns
H. Kajikawa, M. Odai, M. Saitoh, T. Takahashi, R. Tano, H. Abe and A. Abe (Ibaraki, Japan) 91
The effect of barley–sorghum grain processing and form of concentrate mixture on the performance of lambs, kids and calves
S. Economides, A. Koumas, E. Georghiades and M. Hadjipanayiotou (Nicosia, Cyprus) 105
Urea treatment of green panic: effect on in vivo digestibility and on digesta mean retention time
N. Silanikove (Qiryat-Shemona, Israel), A. Brosh, Z. Holzer and D. Levy (Haifa, Israel) 117
Chemical composition and in vitro digestion to predict digestibility of field cured and

barn-cured grass hays
A.R. Moss and D.I. Givens (Stratford-upon-Avon, Gt. Britain) 125
Effect of additives on the quality of big-bale silage
A. Jonsson, H. Lindberg, S. Sundås, P. Lingvall and S. Lindgren (Uppsala, Sweden) 139
The estimation of vicine, convicine and condensed tannins in 22 varieties of fababeans (*Vicia faba* L.)
P.-X. Wang (Wuhan, China) and K.H. Ueberschär (Celle, F.R.G.) 157
Succession of mycoflora on groundnut fodder
M. Surekha and S.M. Reddy (Warangal, India) 167

Guide for Authors 173

VOL. 31 NOS. 3–4 DECEMBER 1990

Dietary preference and degradability of forage on a semiarid thornbush savannah by indigenous ruminants, camels and donkeys
T. Rutagwenda, M. Lechner-Doll, W. von Engelhardt (Hannover, F.R.G.), H.J. Schwartz (Berlin, F.R.G.) and W. Schultka (Giessen, F.R.G.) 179
Urea for preservation of moist hay
J.C. Henning, C.T. Dougherty, J. O'Leary and M. Collins (Lexington, KY, U.S.A.) 193
Degradation of leaf blades and stems by monocentric and polycentric isolates of ruminal fungi
D.E. Akin, W.S. Borneman and C.E. Lyon (Athens, GA, U.S.A.) 205
The retention of phytin phosphorus from diets with fat supplements in broiler chicks
S. Matyka, W. Korol and G. Bogusz (Lublin, Poland) 223
Feed intake and milk yield using an ensiled mixture of whole crop beets and straw compared with traditionally stored beets for dairy cows
J.E. Hermansen (Tjele, Denmark) 231
Nutritive value of beet and citrus pulps for rabbits
C. de Blas and M.J. Villamide (Madrid, Spain) 239
Chemical and biological evaluation of soya-bean flakes autoclaved for different durations
F.H. Kratzer, S. Bersch, P. Vohra and R.A. Ernst (Davis, CA, U.S.A.) 247
Quality and fermentation of enzyme-treated alfalfa silages at three moisture concentrations
E.H. Jaster and K.J. Moore (Urbana, IL, U.S.A.) 261
The utilization of pelleted, extruded, and extruded and repelleted diets by early weaned pigs
W.C. Sauer, A.B. Pierce (Edmonton, Alta., Canada) and R. Mosenthin (Kiel, F.R.G.) 269
Effects of urea supplement with or without molasses on the intake, digestibility and live-weight changes of beef heifers fed native hay
I.E.J. Iwuanyanwu, N.N. Umunna and N.I. Dim (Zaria, Nigeria) 277
Isolation and identification of *Listeria monocytogenes* in vegetable byproduct silages containing preservative additives and destined for animal feeding
M.R. Caro, E. Zamora, L. León, F. Cuello, J. Salinas, D. Megias, M.J. Cubero and A. Contreras (Murcia, Spain) 285
Performance of steers fed combinations of calcium salts of branched and unbranched fatty acids
L.E. Deetz, M.C. Conner, J.A. Rogers, A.M. Papas and C.R. Richardson (Lubbock, TX, U.S.A.) 293

The effect of flocculant applied in the process of fractionating alfalfa juice on the chemical composition of the obtained protein concentrates
B. Baraniak (Lublin, Poland) 305
Nutritive value of Nigerian rubber seed (*Hevea brasiliensis*) meal and oil. IV. Effects of graded levels of rubber seed meal and oil on energy and nitrogen utilization by growing rats
G.M. Babatunde (Ibadan, Nigeria) and W.G. Pond (Clay Center, NE, U.S.A.) 313
Effect of antibiotics, a deaminase inhibitor and Sarsaponin on nitrogen metabolism of rumen contents in vitro
C.J. van Nevel (Melle, Belgium) and D.I. Demeyer (Brussels, Belgium) 323

Short Communication
Effect of high inclusion levels of triticale in diets for laying hens containing 30% field beans
J.I.R. Castanon, V. Ortiz and J. Perez-Lanzac (Córdoba, Spain) 349
